Dear Reporter:

Economic significance of the equine industry has changed in recent years. The last comprehensive study of New York equine was conducted in 2000. This survey will provide new facts about New York's equine industry.

Please make corrections in name, address and zip code, if necessary.

Whether you have one animal or a stable full, your contribution is essential. Results of this survey will be provided to anyone interested in New York's equine industry. Leaders and educators are depending on this survey to measure the contribution of equine to the New York economy and to the nation.

Your response is entirely voluntary, however your cooperation is extremely important. Your data represent your own and similar operations throughout the state. The information you provide is kept **STRICTLY CONFIDENTIAL** and used only for compiling state and county estimates.
